

KHATRI
PLASTIC INDUSTRIES PVT. LTD.

For your plastic packaging needs...

Welcome

We, at Khatri Plastic Industries Private Limited would like to officially welcome you as an esteemed customer of our organisation.

We value your support and contribution to our business and trust that your experience with us will bring you utmost satisfaction'.

Looking forward to an enduring relationship...

**Discuss > Develop > Deliver
with Diligence and Dedication**

Business Idea

VISION

To penetrate worldwide through driving innovation, fostering sustainable solutions by continual upgradation of product line & technology.

MISSION

To responsibly manufacture high quality products catering to various industries, promoting sustainability and driving innovation in the industry.

GOAL

To be recognised as a prime manufacturing company producing high quality products that exceed customer expectations.

About Us

Packaging is an ever-evolving industry that is supporting the process of other industries. At K.P.I.P.L., we feel proud to have become an irreplaceable part of this industry as a Manufacturer, Exporter and Trader of plastic products. With our optimal performance packaging products such as Bottles, Containers, Jars, Caps, Inner Plugs and many more such products of various sizes and volumes we strongly support the growth of Pharmaceutical, Cosmetics, Chemicals, Agriculture, Food, Toys, Household and numerous other industries.

Key Highlights

- ★ More than 30 years of experience.
- ★ High production capacity.
- ★ Complete In-house facilities.
- ★ Diverse product portfolio.
- ★ Development of new products as per requirement.
- ★ Innovation and continuous improvement.
- ★ Customer centricity.
- ★ Quality control process.
- ★ Timely end to end delivery.
- ★ State of the art manufacturing units.

Key Facts

INFRASTRUCTURE

Injection Moulding Machines	-	12 Nos.
Extrusion Blow Moulding Machine	-	15 Nos.
Injection Blow Moulding Machines	-	09 Nos.

Apart from the above, we have latest equipments for testing and quality controls.

STRENGTH

Our efficient staff and machineries go hand-in-hand to make the products elegant and durable. With this combination, it gives us immense strength to take new developments and satisfy the requirements in the best manner. It can also be described with the below points

- Ability to adapt to evolving requirements of customers.
- Most Modern Machineries and Technologies.
- Highly Qualified and dedicated work force.
- Customization & Flexibility.
- Strong Customer Relationship.

PRODUCTION PROCESS

Right from designing of the Products till final dispatch, each and every stage is taken care so that the production process is smooth. It involves sourcing of best grade raw materials, proper mould quality and finishing, high end machinery to enhance the quality of the product, using best packaging material to ensure product safety and surely with the help of best, efficient, and trained staff, the whole process is smooth and satisfactory.

We discuss the requirements of customers then develop and deliver the products with diligence.

QUALITY ASSURANCE

Best Quality products are preferred by everyone. We at Khatri Plastic Industries Pvt. Ltd. have installed different testing equipments to ensure the standard of the quality. We assure that there is no deviation in product standards by maintaining timely Quality chart on a daily basis, regular inspections & checks at different stages of the manufacturing process to identify & rectify any Quality issues. This helps us to achieve the best quality products to give the customer the delight for their choice
